

Forever

Lecrae

Good morning to you (la la la la la la)
You're mine
Good morning to you
You're mine
Good morning to you
You're mine (yeah)
Good morning to you (you know)
You're mine

I know a lot of guys out there are tryna steal your heart
But a real man hold onto it tight, 'til death do you part
Momma done raised me right tryna' make me a knight, life
Shinin' armor, don't harm her, arm her with all your honor
And don't mind me that's just wordplay
I ain't playin' with it, that's heresy
That's hairspray, that's shop talk
You stayin' with me?
I never knew a love like this
Gotta be something for me to write this
Pray to God that when you hear you like this
The way that I feel girl it's hard to fight this
You're my queen, you're my lady
We can make war, make babies
Yeah, you know like Meth and Mary
No side chicks and no secondary
No shoppin' 'round it's just commissary
I'm locked down 'til the cemetery, my whole life
My old life, don't worry 'bout it
It's been buried

And you've got my heart and my soul in your hands
You change my future with a glance
A wife and a kid, a house and a whip
It don't matter cause whatever it is, whatever it is
With you by my side I'ma do it forever
I'ma do this forever, I'ma do it forever
I'ma do this forever

Now listen
Any boy can go find a girl and try to satisfy her for a whole night
But a real man can take one woman and satisfy her for a whole life
Flex talk, sex talk
It seems that's all they talk about
But real love is them sacrifices that you make for me when I'm out of town
They don't know why you hold me down
How you hold me down
Been here, been real, been trill
Never sold me out
Some stay in love and some fight together
Some breakin' up and some runnin' out
And they love you lookin' all out of shape
Let's marathon it, let's work it out forever

And you've got my heart and my soul in your hands
You change my future with a glance
A wife and a kid, a house and a whip
It don't matter cause whatever it is, whatever it is

With you by my side I'ma do it forever
I'ma do this forever, I'ma do it forever
I'ma do this forever
