Yea, it's game on game-time

You can feel the rhythm when you listen to the rhyme

See you in the middle lookin like you ain't alive

Follow me I promise that what I got will get you right

Man, I'm crazy loco, so unashamed better check the logo

116 till the day I go bro, in everything Christ and ya hopes a nogo

Oh, now back to the topic

My game on 8 ball corner pocket

I feel flier than a bird in a cockpit

Cuz Christ saved me from ending up a hot mess

Yes, stay close to the game

You ain't got game, ya doin ya own thang

If you don't see a dime for reppin the lords name, ya still make a whole lot ta change

Work it out then [8x]

Ok they say cool I'm down wit it

Wassup get crunk gon ride wit it

Man I hope you get the picture gon smile wit it

Sins bound to gimme trouble for the trials in it

No strings attached hey who's the violinist

I was goin nowhere fast looks like my tires spinnin

I was destined to crash but then messiah in it

And he took the lords wrath my entire sentence

Come on!

This is somethin worth my action man he bought his satisfaction there was nothin I could do to get right

Come on!

Man he showed us our compassion's only worship like tofannagan baby now get your hands to the sky

Come on!

Work it out then [8x]

Ya gotcha boy right, right, right [4x]

Jus-ti-fied I'm Jus-ti-fied yowwww

Even though I'm so filthy

Lost and I'm guilty

And I know I ain't worthy

But he paid it for me

Even though I'm so filthy

Lost and I'm guilty

And I know I ain't worthy

Jesus paid it for me

Work it out then [8x]

Ya gotcha boy right, right, right [2x]
