

# Get Low

Lecrae

Yeah, yeah, humility, humility  
Get low boy  
Get low girl  
Humility, humility

I really should'nt trust myself cause without God I'm nothin but dust myself  
So full of pride I disgust myself so I stay tryna crucify and crush myself  
I ain't tryna say I hate myself but my sin nature got me tryin praise myself  
So I get low, prostrate myself  
And pray to God that I don't play myself, yeah  
Folks actin like Nebuchanezzar  
Like they feet don't stink like they got it together  
God have to break em down put em back together  
Cause he looks to the humble to find his pleasure  
Whether, we missin hub caps or roll on dubs  
The Earth is the footstool of God above  
Check Isaiah 66 and face it bruh  
We only significant because he raised us up  
To get low

Get low, get low, get low, get low, get low get low get low  
Dis ain't one of dem nasty throws I'm talkin bout humble yaself befo the Lord  
Uh, Get low, get low, get low, get low, get low get low get low  
You ain't gotta touch the flo, but ya gotta give props to the God who rose  
Get low

This easy don't let me get comfortable, so full of myself I'm comfortable  
Folks wantin you the radio pumpin you start feelin yourself and now the Lord  
gotta humble you  
Make sure u do a heart check mayn  
You trying to rep Christ though you reppin your name  
U in it for his glory or you in it for your game  
Cause the Lord know the truth and if u doin it in vain  
You think you gon miss yo chance?  
You trust in the Lord over circumstance (Whoa)  
Cause God will open the do', for those  
Who don't chase, ain't hopin for gold  
I pray this song soak in ya dome  
So our God won't have to leave you broken to know  
That he's searchin your heart and he's bound to know  
If you goin for his name or you goin for yo's

Get low, get low, get low, get low, get low get low get low  
Dis ain't one of dem nasty throws I'm talkin bout humble yaself befo the Lord  
Uh, Get low, get low, get low, get low, get low get low get low  
You ain't gotta touch the flo, but ya gotta give props to the God who rose  
Get low

Check, Christ got low for days  
He's the God in the flesh we supposed to praise  
But he made himself low like the folks he made  
And he died so our God had him rose in days, yeah  
And that's the way you do that mayn  
We submit to the God who can do all thangs  
Call him el elyon yeah pursue that name

Not da money not the glory don't pursue that thang, what  
In a matter worthy of yo cause  
You a Christian, humility, you know that dawg  
Yeah I know it's kinda hard eva since the fall  
Humility hasn't made much since at all  
Everybody say it's all about you-but naw  
Don't believe in the lies don't trust a dawg  
Just trust in the God who can crush us all  
But to those that He chose-yeah he loves us all  
Get low
