(We so impressed) With them ladies Who be drivin' Mercedes Who be drivin' them crazy And we gotta be crazy (We so impressed) With them fellas Who be makin' them jealous Who be makin' them stellas And we gotta be crazy (I'm so impressed) King who on the throne Who left his heavenly home Never did a thing wrong They crucified him on A tree, there he made It was crazy how it set the stage For his resurrection from the grave That gets me amazed (You can be) the flyest man (With a) hundred grand in your hand Swag right, sag tight And a Gucci fan (You can) be the richest, be the smartest, be the hardest, all of that But I guarantee before I die they all are fallin' flat

Used to want a lotta things All the stuff that's on TV Education, cars, and clothes Fashion lights and jewelry (Focused on the wrong stuff) Now I got my eyes on you And now I know that

God is enough-nough
God is enough-nough
God is enough-nough
You are enough-nough
Never too much-uch
More than enough-nough
God is enough-nough
You are enough for me

Party like the fast life, hurry this the last flight
Chasin' all your dreams, this right here could be your last night
And man you finally got your cash right
But it never seems to last right
You know you sick of lookin', you sick of chasin'
I think you know the truth, you just don't wanna face it
Your life is empty, though you havin' fun
You never satisfied, you never get enough
You go from thrill-seekin' to pill-poppin'
From heavy drinkin' to club-hoppin'
You just can't stop it, like you're a slave
And you chasin' nothin' all the way into the grave

Used to want a lotta things

All the stuff that's on TV Education, cars, and clothes Fashion lights and jewelry (Focused on the wrong stuff) Now I got my eyes on you And now I know that

God is enough
God is enough
You are enough
Never too much
More than enough
God is enough
You are enough for me

Lord is my Shepherd, I shall not want
Takes away my fears, you restore my soul
Off into the sky, the dead in Christ arise
To be with you forever, see with the clearest eyes
Quench my inner thirst, there's something more in life
No money, cars, relationships compare to joy in Christ
Love that falls from selfish ones that like to flirt with self-destruct
No need to stut, know what I want, to keep it, but my God's enough

Used to want a lotta things All the stuff that's on TV Education, cars, and clothes Fashion lights and jewelry (Focused on the wrong stuff) Now I got my eyes on you And now I know that

God is enough
God is enough
God is enough
You are enough
Never too much
More than enough
God is enough
You are enough for me

I don't need these worldly things, no-oh I don't need these worldly things, no-oh More of you and less of me, G-od More of you and less of me, G-od I don't need these worldly things, no-oh I don't need these worldly things, no-oh More of you and less of me, G-od More of you and less of me, G-od

God is enough
God is enough
God is enough
You are enough
Never too much
More than enough
God is enough
You are enough for me
