

Good Lord

Lecrae

Huh

(Ah) good Lord

Huh, (Ah) huh, huh, mmm

I mean, good Lord, even when I'm down bad

Yeah, I know how to bounce back

'Cause you know I got a good Lord

And she look good, don't she?

On top of that, she good for me

Make me wanna say, "Good Lord"

Even though I got plenty

If I'm down to my last penny

I still got a good Lord

Still got a, uh, I still got a...

Back up, back up 'cause it's on

On its own train line, I'ma get it done

Now I got the party jumpin' like it's double dutch (Ah)

Then we spun the block, came back, double up

Like, ooh, I got a good Lord

And a bad girl, yeah, met her uptown

But she from the borough (Ah)

Better known as the bougie down

Aw, sokie sokie now

Did it by the kitchen and I'm cookin' now

Brought 'em in, slip me skin, sock it to me (Uh)

And they gotta shut their mouth when they talkin' to me (Ah)

I look around, it's a whole lotta foxy mommas (Uh)

But I hit the heisman, the wonder drama

Ayy, peace and love, baby, keep it groovy

Every time we pop out, you know it's a movie (Ah)

If I'm in hot water, then it's a Jacuzzi

I've gotta shake, so I'm throwin' doozies

I got a good Lord, even when I'm down bad

Yeah, I know how to bounce back

'Cause you know I got a good Lord

And she look good, don't she?

On top of that, she good for me

Make me wanna say, "Good Lord"

Even though I got plenty

If I'm down to my last penny

I still got a good Lord

Still got a, uh, I still got a good Lord (Uh, uh, uh, good Lord)

Ayy, you must be new in here

You see these grown people talkin'? What you doin' here? (What you doin'?)

I got a half a mind to hit you with a "Good Lord" (Ah)

Let's get ya get up off the wall

Go on, get it movin' here (Get it movin' here) (Ah)

Yeah, yeah, I'm just catchin' the vibe

I told the valet, "Take your time, admire the ride"

I'm floatin' through the front door in my modest attire (Ah)

Good Lord, mamma, you know you're lookin' divine (Good Lord)

I had to turn around, double take, take a look at that (Ah)

Girl, you got good taste, where you crooked at? (Ah)

And you can mingle with the cool kids (Uh)

I'm out here sweating like a preacher in the pulpit (You know 'bout me)

Even when I'm down bad
I know how to bounce back
I know I got a good Lord
And she look good, don't she?
On top of that, she good for me
Make me wanna say, "good Lord"
And even though I got plenty
If I'm down to my last penny
I still got a good Lord
I know I got a- (Ow!)

I know I got a good Lord, even when I'm down bad
Yeah, I know how to bounce back
'Cause you know I got a good Lord
And she look good, don't she?
On top of that, she good for me
Make me wanna say, "Good Lord"
Even though I got plenty
If I'm down to my last penny
I still got a good Lord
Still got a, uh, I still got a good Lord (Uh, uh, uh)
I know I got a good Lord
