

Heaven Sent

Lecrae

Oh, you know I'm back on the turf
Still repping till they back out the hearse
Yeah, they wanna see me crash out or worse
They don't get it, though, that faith really worked
Go mode, Miles probably call it GLO mode
Throw a net over the side, get a boatload
Yeah, we still 40 deep, never solo
Peacemaker with the Nortés and Sorreños
Pequeño never, always been a big stepper
Bible and a .45 on the dresser
Why they always going live when they stressing?
Shut up, talk to God for your blessing
Let me learn you lil lesson boy
You messing with the message
Why you out here being messy
Talk about the resurrection
I be good in every section That's God
On the set when they ask me I'm from
I just said I'm from Heaven

Tell em, we ain't got no time for that
Me, I ain't got no ties to that
Yeah, put me on the line for that
Off top, locked in, on 10, Heaven sent me
Tell em, we ain't got no time for that
Me, I ain't got no ties to that
Yeah, put me on the line for that
Off top, locked in, on 10, Heaven sent me

No stress, homie
How you say that I'm your West homie?
And when you heard about that fire
You ain't check on me
Just to get to the top, they big step on me
But it's good, I still pray to God, bless, homie
Hey lightin' up your city like a police cruiser
Ask me where I'm from when I'm pulling up on Hoover
Heaven, I just came to pray for the shooter
Holy Spirit, clean out your house like a looter
Take a trip to the club for the crips and the bloods
For the rich and the thugs
Cause my click is the plug for Atonement
If you want it, go time, but I'm glowing
Bending corners, whoa, whoa
Sheesh, I plant seeds in LA
But I'm mad about what happened
To Keith Lee in the Bay
You can come back next time, step with your boy
Just make sure you got nothing left in your car

Tell em, we ain't got no time for that
Me, I ain't got no ties to that
Yeah, put me on the line for that
Off top, locked in, on 10, Heaven sent me
Tell em, we ain't got no time for that
Me, I ain't got no ties to that
Yeah, put me on the line for that

Off top, locked in, on 10, Heaven sent me
