

Still

Lecrae

I'ma ride for you right or wrong, baby (Oh-whoa)
And I don't wanna let you go
Even though I know you ain't always good for me (No)
Oh-oh-oh, oh, I don't wanna let you go (No)

I been on the road for a minute, racking up the miles
I been dodging women, tryna hold you down
Listen, I'll be honest it get kinda wild
Throwin' parties in my section when I'm outta town
I know, I know I used to run the streets, baby
I was out there tryna hustle, making sure that we could eat, baby
I did my dirt, but now I'm clean lady
We fit together like a puzzle, ain't nobody else for me, baby

Let me come through
I can do what nobody else do for ya
Let me prove everything I gotta prove
Gon' make a move, you know I'ma act a fool for ya

I'ma ride for you right or wrong, baby (Oh-whoa)
And I don't wanna let you go
Even though I know you ain't always good for me (No)
Oh-oh-oh, oh, I don't wanna let you go (No)

I'm still
Still willing to love you
I'm still
Still willing to trust you
I'm still
Still rocking with you
Oh, oh-whoa, I don't wanna let you go (No)

Twenty five lighters on the dresser, got it blazin'
Burning all these bridges, misbehaving
Going crazy
I been really out here praying
Thinking lately, I ain't acting right, I know the way my momma raised me
I ain't mean no disrespect, I did you bad, mami
But now I really need you bad, mami
Lay you down in Puerto Rico in the beach off in the sand, mami
And you the only can handle me
Listen

Let me come through
I can do what nobody else do for ya
Let me prove everything I gotta prove
Gon' make a move, you know I'ma act a fool for ya

I'ma ride for you right or wrong, baby (Oh-whoa)
And I don't wanna let you go
Even though I know you ain't always good for me (No)
Oh-oh-oh, oh, I don't wanna let you go (No)

I'm still
Still willing to love you
I'm still
Still willing to trust you

I'm still
Still rocking with you
Oh, oh-whoa, I don't wanna let you go (No)
