

# Too Much

Lecrae

Oh my

Yeah, too much  
Too much, too much  
Yeah, they cappin' on me too much  
Man, they blessin' on me too much  
Oh, I mean we got it  
It ain't really too much  
Whoa, yeah, too much  
Too much  
Yeah, yeah, they cappin' on me too much  
Man, yeah, they blessin' on me too much  
Oh, man, we got it  
It ain't really too much

Back in twenty ten  
They said I was too religious  
I was livin' in the hood  
Dodgin' bullets in the trenches  
Album went to number one  
Then they call me superstitious  
They ain't wanna let me in  
But I still was on a mission  
Hey, I was tryin' to reach the world  
But I colored out the lines  
They said I was sellin' out the truth  
To make a dime  
Broke me down 'til I ain't  
Even trust in the Divine  
Serpent tried to kill me  
But the Lord renewed my mind  
Got me a second chance  
I'ma go, I'ma go, I'ma go crazy  
Podcast, preachin, music, shows  
I'ma go feed these babies  
Ooh, I might go live  
And save these lives, run tel that  
If they lied on Jesus  
Why you think they ain't gon' cap?

Yeah, I was outside  
By the burn with the chaff  
In the cut, I run with the pack  
Tell me tough, I'ma cuttin' the fat  
Underlay was rocky ASAP  
Hide me up, I'm dodgin' the cap  
Try my God, best get to the back  
Rosa Parks, you know it's planned  
Reconstruct  
You know it's God's plan

Tickety, tickety, it's too much  
Gimme key, gimme key  
Uh, I can't stand you trolls  
Sticks and stones ain't gettin' me  
Uh, cappin' on my folks  
Know that you ain't gettin' me

Uh, yeah, I'm with the girls  
We constructed in a piece

Yeah, yeah, too much  
Yeah, yeah, they cappin' on me too much  
Yeah, they blessin' on me too much  
Oh, met with God  
Ain't that really too much?  
Yeah, whoa  
Yeah, too much  
Yeah, yeah, they cappin' on me too much  
Man  
Yeah, they blessin' on me in too much  
Whoa, met with God  
Ain't that really too much?
