I hear ya knock on my door
I ain't been saving this scene for ya honey
Don't wantcha ringin my bell
It's too late for you to be my honey

ooh, it's my love
ooh, it's my own true love (2x)

Don't want you wasting my time Tired of ya doing the things that you do It's no use standing in line Follow the line, you better follow queue

I say, ooooh, it's my love oooh, it's my own true love (2x)

I could sail a river run dead, but I know it's dead I could I wish for a million, yeah. But I know it's dead I could cry within the darkness, I sail away I save a lifetime forever But you know, you know, you know what I say

And I say Ooh, it's my love Oooh, it's my own true love

And I say Ooh, it's my love Oooh, it's my own true love
