

Add to Me

Ledisi

You took a lot, now you got my attention
It's crazy you're making me comfortable
But now you're beating out the competition
But I'm the type that needs a little more

Clothes, rings, all of them mean nothing to me
I need more, what's you offering me
Yeah, all of that can go, it's you I want
It's deeper than material things

I need some relation, good conversation, give me stimulation
What's your motivation? How you're gon' add to me? Yeah uh
How you're gon' add to me? Yeah uh
Show me, what it is you feel for me
I'm just saying, can you handle me?
How you're gon' add to me? Yeah, ah

So what you gonna do, now you got it and it's all on you
Well, you ain't gotta go so fast, give me something that's gon' last

Clothes, rings, all of them mean nothing to me
Give me more than what you're offering me
Yeah, all of that can go, it's you I want
It's deeper than material things

I need some relation, good conversation, give me stimulation
What's your motivation? How you're gon' add to me?
Yeah, uh, how you're gon' add to me?
Yeah, uh, show me, what it is you feel for me
I'm just saying, can you handle me?
How you're gon' add to me? Yeah, ah

I can be good on my own (Can you add to me?)
But I don't wanna be alone (Can you add to me?)

But you gotta have it all together (Can you add to me?)
So we can be stronger together (Can you add to me?)
Tell me all your dreams and your goals (Can you handle me?)
Paying all my bills on my own (Can you handle me?)
I made a lot money last year (Can you handle me?)
Plan to make more this year (Can you handle me?)
I've been in a spiritual place
So when it's getting hard, don't break
Show me you're a winner, I don't need a quitter
How you're gon' add to me?

I need some relation, good conversation, give me stimulation
What's your motivation? How you're gon' add to me? Yeah uh
How you're gon' add to me? Yeah uh
Show me, what it is you feel for me
I'm just saying, can you handle me?
How you're gon' add to me? Yeah, ah

I need some relation, good conversation, give me stimulation
What's your motivation? How you're gon' add to me? Yeah uh
How you're gon' add to me? Yeah uh
Show me, what it is you feel for me

I'm just saying, can you handle me?
How you're gon' add to me? Yeah, ah

What can you add to me
Show me you're a winner
I don't need a quitter
What can you add to me
What can you add to me
How you're gon' add to me?
What can you add to me
How you're gon' add to me?
What can you add to me
