

Alright

This life can make me so confused but it's alright
Living day by day I feel so used that ain't right
I just wanna run and hide
I don't have the time to cry it's alright (it's alright)

Alright

Many thoughts are running through my head, it's alright
Wishing to be somewhere else but here, it's alright
I can't wait to see your face
I need a smile and your embrace, and I'm alright

Alright

Life can bring us through many changes
Just don't give up
It's gonna be alright
People come and they go
It's just the way that it goes

Sometime the rain it makes me sad and it's alright
Some things in the world make me mad and it's alright
In the morning when I see the sun I know I'm not the only one
It's alright

Alright

Wish I had some money to pay my bills
I can't even buy that dress on sale but it's alright
Having money don't mean a thing
Loving you is everything
I'm alright

(life can bring us through many changes
Just don't give up
It's gonna be alright
People come and they go
That's just the way that it goes)

Everything is everything

It's alright
