

(Let's go)

You're, you're a winner
Ain't no way I'ma let you go, mm
You're, you're my fire to my flame
And it makes me want you more, ooh

I receive you loving me this way, it's good
And you're a good kisser, mm
I try to control it, but I can't and now you know that
When you touch me, it's insane

Give me more, move this way
You know how I like it, baby
Tell me how you feel, baby
I know you can feel it, baby
I love the way it feels, babe
And I can't get enough
Tell me how you feel, baby, ooh
I know you can feel it, baby
You love the way it feels, babe
And I can't get enough, ooh
Yeah, yeah (Let's go)

Words barely spoken
Your kisses worth more than gold, oh yeah
Oh, what a beautiful surprise
You're unpredictable for sure, ooh

I receive when you're loving me this way, so good
I need you like water, yeah
Together in motion, no control of my emotions
I try, I can't explain how you give to me
Then take away
Just enough to hear me say

Tell me how you feel, baby
I know you can feel it, baby
I love the way it feels, babe
Can't get enough, yeah
Tell me how you feel, baby
I know you can feel it, baby
You love the way it feels, babe
Can't get enough, ooh

Yeah, my baby, baby
Oh yeah
(Can you feel it, baby?) Feel it

(Feel it), feel it (Baby)
Yeah, yeah
Na-na-na, no
