

Good Year

Ledisi

Well, I made it
I made a way out of nothing, mmm
I can see it
Look at all the things that I've done, oh yes

Sun shining bright in my eyes
I'm sure life has more surprises

It's been three-hundred sixty-five days, twelve months
Fifty-two weeks, well done
It's been a good year yeah, it's been a good year
Everyday and night still working it out
When the seconds turned to twenty-four hours
It's been a good year yeah, it's been a good year

Life is something
Big highs, big lows, still it's worth it, yeah
I'm breathing, mmm
When life is lifing, keep living, oh yeah

Sometimes I feel so alive
Others days didn't think I'd survive it all

It's been three-hundred sixty-five days, twelve months
Fifty-two weeks, well done
It's been a good year yeah, it's been a good year
Everyday and night still working it out
When the seconds turned to twenty-four hours
It's been a good year yeah, it's been a good year
It's been three-hundred sixty-five days, twelve months
Fifty-two weeks, well done
It's been a good year yeah, it's been a good year
Everyday and night still working it out
When the seconds turned to twenty-four hours
It's been a good year yeah, it's been a good year

Ayy, it's been a good year
Sing it with me, c'mon (Turned to twenty-four hours)
Ayy, it's been a good year
Ooh (Good year)
Ah-ah, yeah
Everyday still working it out, working it out
Yeah, it's been a good year
Been a good year
C'mon (Ah)
C'mon, y'all sing it with me, c'mon
Ayy, it's been a good year, ooh
