

# I DO

Ledisi

This day, all week  
Many years, it's that deep  
I done fell for you (Fell for you)  
Few strikes, no outs  
No fear, no doubts  
'Cause we're so in tune  
Pull me into your arms and  
Love me like I love you  
It's a slow dance, a romance  
Where you take the lead  
I'll be happy to follow through

Forever I will love  
It was always you for life  
You know my heart and I know yours  
Nothing that I won't do  
Forever I give love  
I choose to for life  
Hand on my vows, I'll say them right now  
Ready to say "I do"

All mine, that's right  
You fine, my light  
You light up the room (So you know)  
I'm home, I'll stay  
For sure, you make  
Life so unpredictable  
Let's leave the past behind  
You're mine, I belong to you (I commit)  
Oh, it's evident you're Heaven-sent  
This love was made for us  
Made for us two

Forever I will love  
It was always you for life  
You know my heart and I know yours  
Nothing that I won't do  
Forever I give love (Forever, give love, yeah)  
I choose to for life (Choose to for life, yeah)  
Hand on my vows, I'll say it right now, yeah  
Ready to say "I do"

Love (Love, love, you're the one, oh yeah)  
Love (I'm ready to say it, hey)  
Yes, I do (Yes, I do, oh, oh yeah)  
Before today, I never told you this (Never, yeah)  
But as perfect as this moment is  
I'm ready to say "I do"  
Yes, I do (I do, baby, all I want is you, yeah, yeah, yeah, yeah)  
You'll never have to walk alone in this (Never)  
I'm ready for whatever comes with this (Whatever)  
I'm ready to say "I do"  
Yes, I do (I wanna say "I do" to you, baby)  
I'm ready for a lifetime  
Oh, hey  
Ready to say "I do"
