

# I Miss You Now

Ledisi

Lately it's been hard for me to get to fall asleep  
Cause when you walked out, you walk into my dreams  
Hearing these memories all in my head  
Was it your voice that said? Come back to bed  
I know there was a reason that I had to walk out  
But now I can't remember what the fight was about  
I know I was mad, said I was pissed  
But it wasn't so bad, not worse then this

Cause I miss you now (Cause I miss you now)  
I miss you now  
Maybe you deserve another chance  
Maybe your my man  
Maybe we should try again

Cause I miss you now (Cause I miss you now)  
I miss you now  
Maybe it really wasn't our fault  
Wasn't so bad at all  
Maybe I should come back home

Yo mama keep calling me, phoning my house  
Asking me why you sleeping on her couch  
How could we give up on something so good  
I tried not to call, maybe I should  
I don't wanna be the reason that it didn't work out  
We put too much into it just to give up now  
Let's call it a truce, got nothing to prove  
Been gone for too long and I'm missing you

Cause I miss you now (Cause I miss you now)  
I miss you now  
Maybe you deserve another chance  
Maybe your my man  
Maybe we should try again

Cause I miss you now (Cause I miss you now)  
I miss you now  
Maybe it really wasn't our fault  
Wasn't so bad at all  
Maybe I should come back home

Maybe we can solve it by saying I'm sorry  
Maybe we can take it back to where we started  
I miss your kiss  
Long for your love  
One month without you, is more than enough  
Maybe I just needed to breathe  
I walked away now I can see  
I'm lost without you  
Don't know what to do  
I called just to say  
That I'm missing you

Cause I miss you now (Cause I miss you now)  
I miss you now  
Maybe you deserve another chance

Maybe your my man  
Maybe we should try again

Cause I miss you now (Cause I miss you now)  
I miss you now  
Maybe it really wasn't our fault  
Wasn't so bad at all  
Maybe I should come back home

[Chorus: repeat until fade]
