

I Need To Know

Ledisi

Uh
Oh yeah
Ooh
Oh yeah

The last time we tried to talk it out
You left me there standing there on the stairs
And out of new air
This funny feeling started to come over me baby

I just need to know how we've gotten to the point where we can't talk about things
We always used to find a way to figure out things
Whatchu wanna do
'Cause I can't keep going through this
And I'm about to lose it

'Cause it's all night, yeah (All night)
You got me up 'til daylight (You got me up until daylight)
(Tossing, turning tryna figure out if we're alright) Tryna figure out if we're alright
(If it's not just say so) Just tell me so
(Something's wrong, what's going on)
I need to know

You keep messing with my mind
Telling me nothing is wrong with us
When your actions show something real different
It's like you're changing up, uh
I don't know what to do
So I'm asking you

(Maybe there's just nothing else left)
And we let it go
(Baby we can try to change things) Maybe we can try, oh
I don't even know no more
But you can keep whatever this is, oh baby
Oh baby
But I can't keep going through this
'Cause I'm about to lose it

You got me up (All night)
You got me up (You got me up thinking about you)
Can't get no sleep until daylight, daylight
(Tossing, turning tryna figure out if we're alright) Toss and turn, tryna figure it out, eh
(If it's not just say so) I need
(Something's wrong, what's going on) I need to know
(I need to know)

Oh, you been acting strange (Mmm)
It don't feel the same (It don't feel the same)
I don't know what to do (I need to know), mmm
Need to walk out the door (Go)
Oh, but then I want you more (Oh)
But I can't keep going through this
'Cause I'm about to lose it

You got me up
(All night) All night
(You got me up until daylight) Thinking about you
Wanting you more and more
(Tossing, turning tryna figure out if we're alright) Oh yeah, tryna figure i
t out, oh yeah
(If it's not just say so) Tell me so
(Something's wrong, what's going on) Something's wrong and I
(I need to know)

Ooh-oh
Yeah
I need to know
Ooh-oh
