

I've Got It

Ledisi

Whenever you want me baby

I've got it

Whatever you need baby

I've got it

Whenever you want me baby

I've got it

Whatever you need baby

I've got it

I've got it on the other end of telephone

Waiting for you

Why play this game

So being strange with what you want

We know it's overdue

You say you want to please my lips

And hold my hips

But talk is not enough

Why don't you do what's on your mind

And just let go

I know you like it rough

Whenever you want me baby

I've got it

Whatever you need baby

I've got it

Whenever you want me baby

I've got it

Whatever you need baby

I've got it

Please don't ask me if I care about your feelings

When you know I do (you know I do)

You ask me what I feel for you

Ain't trying to hear me when I tell you the truth

I know you want me, I won't hurt you, only love you

Tell me what you want

Come on tell me what you want

Tell me what you need baby

I will supply

Whenever you want me baby

I've got it

Whatever you need baby

I've got it

Whenever you want me baby

I've got it

Whatever you need baby

I've got it

Just call me I will come running

I've got it for you baby

Whenever you want me baby

I've got it

Whatever you need baby

I've got it

Whenever you want me baby

I've got it

Whatever you need baby

I've got it
Whenever you want me baby
I've got it
Whatever you need baby
I've got it
Whenever you want me baby
I've got it
Whatever you need baby
I've got it
