

## LET GO

Ledisi

Thought I can handle life without my baby  
Thought I'd be better in a good way  
But now I'm sad and feeling bothered maybe  
It's been too long and now I miss you  
Thought I can handle any amount of pain  
When you were shady and you brought up things  
But right now and as of lately  
My heart has been aching, baby

And now it's serious  
And it hurts me bad, bad, bad, bad, bad  
Lost the love I thought I had

It's not the same, baby, oh  
You left me here all alone  
Feels like my heart is on a string and I can't let go

Human therapy, I need love  
Human therapy, babe, I need your love  
Need my baby to give me love, no more  
Human therapy, I need love  
Human therapy, babe, I need your love  
Need my baby to give me love, but it's no more

And it hurts me bad, bad, bad, bad, bad  
Lost the love I thought I had  
And it hurts me bad, bad, bad, bad, bad (Bad, bad, oh)  
Lost the love I thought I had

It's not the same, baby, oh  
It's not the same, baby, oh  
It's not the same, baby, oh, baby  
You left me here all alone  
Feels like my heart is on a string and I can't let go

I can't let go  
Let go, let go  
And I can't let go  
Oh, let you go  
Yeah, and I can't let go
