

MAKING A WAY

Ledisi

He's still making a way out of no way
A way
He's still making a way out of no way
A way

I've almost lost my mind trying to survive
Made it through the valleys and storms on top of mountains
I saw the grass ain't always greener on the other side
I've learned that His love will keep you warm
More than shiny things
All that's gold and green, it can't guarantee you happiness
When love is simple, you know that's the best

There's power knowing love will save me
He's still making, making a way out of no way
Making a way out of no way (A way)
Shine knowing love will save me
He's still making making a way out of no way
Making a way out of no way (A way)

His Love came and lifted me up
When I lost it all, You didn't let me fall
You lift me up, yeah
You never let me down, no
Thank you for always keeping me
Covered in Your grace
I'll never take Your love for granted, no
Even the impossible is possible because You made a way

(There's power knowing love will save me) Oh, making a way
(He's still making, making a way out of no way) Making a way out of n
o way, yeah
Oh yeah
He lets me shine
(Shine knowing love will save me)
(He's still making making a way out of no way) Making, oh yeah
(Making a way out of no way) No way
(There's power knowing love will save me)
(He's still making, making a way out of no way) Making a way out of n
o way, no way, yeah
(Making a way out of no way) No way
(Shine knowing love will save me)
(He's still making making a way out of no way) Out of no way
He makes me shine, yeah, yeah
(He's still making making a way out of no way) Making a way, making a
way
Out of no way, yeah
No way, yeah, yeah, yeah
