

Perfect Stranger

Ledisi

This is so divine
Mystic fireflies
Moonlight and red wine
Blazing
There's no sense of time
Midnight indigo
That's what I want, yeah yeah
How it should be

Ah, cool breeze hot in the summer
That nighttime and you and I together
You're what I need, you're what I need

Is it taboo to want you
You feel it too, don't you
We're in the mood, it's perfect
You make me want to love a perfect stranger

Our shadows intertwine
Does this mean your mind
Didn't say goodbye
So maybe
You took me on a ride and it won't stop
Making love on stars, make my heart drop
Never felt like this before
And I'm in awe how you're making me feel
Man I want you
It's insane you and I together
Our hearts and mind was perfectly together
You're what I need
You're all I need
You're all I need

Is it taboo to want you
You feel it too, don't you
We're in the mood, it's perfect
You make me want to love a perfect stranger

Is it taboo to want you
You feel it too, don't you
We're in the mood, it's perfect
You make me want to love a perfect stranger

Can you feel it
Can't let you go
We're in the mood, it's perfect
