

## Quality Time

Ledisi

Quality time (Mmm)  
Your body on mine (Oh, yeah)  
Our spirits aligned (Oh)  
You and me and quality time

I used to think, love wasn't a real thing  
'Til I found you, 'til I found you, yeah  
Now I'm looking at life from a whole different point of view  
Busy on the road, wishing all these roads, they led to you  
You light me up and I, I miss your touch

And I need more  
I need more  
I need more, mmm

Quality time (Oh, quality time, oh yeah)  
Your body on mine (Oh, yeah)  
Our spirits aligned (Oh, yeah)  
You and me and quality time

Everything I feel with you's, divine and undefined  
It will just be us two standing at the finish line  
Maybe we just need to get away sometime, let's make some time,  
mmm  
When I give you something, you give right back  
Bodies explode on impact, on and on and fourth and back, oh yes

And I need more  
I need more  
I need more

Oh you love me the way that I never knew that I needed  
Don' t ya know you take my breathe away, the way you love me, y  
eah, yeah  
Oh, I just wanna love you over and over and over and over again  
Oh, just give me quality time  
Oh, quality time  
I need more  
Oh, yes

And I need more  
I need more  
I need more  
I need more  
I need more
