

## So Right

Ledisi

Love it when I hold you close to me baby  
You feel so good next to me  
You make me feel good all over  
Not love it when you say my name  
Early in the morning  
You make me want to be your slave  
When you do things my way  
This is heaven here on earth

The feeling is so right yeah  
So right  
The feeling is so right  
You're so right for me yeah

Oh I love it when you call my name  
When you rub my shoulders and my back  
Oh boy you make me want to do things  
All the joy you bring  
This is heaven here on earth  
The feeling is so right  
Yeah so right  
The feeling is so right  
You're so right for me

The feeling is so right  
So right  
The feeling is so right  
You're so right for me  
So right for me  
You're so, you're so, you're so right for me
