

# THE CROWN

Ledisi

Welcome to the camp

Please remember the things I've said and done  
When tomorrow arrives, but for me, it didn't come  
Let the love I gave say all there is to say  
Let there be love on the other side  
I was told a promise is an action and a word  
To be here in life is an honor I didn't know I deserved  
I hope to leave behind an amplitude of love  
Don't forget I love you more

All I am, He gave to me  
There's a crown I wear like royalty  
And when it's over now, I'll wear the crown  
The way I started and when it's time to end  
All I am, He gave to me  
'Cause the crown He wore, it set me free  
And when it's over now, I'll wear the crown  
The way I started and when it's time to end

I believe that time is precious, use it wisely (Yeah, yeah)  
Guard the moments, don't forget to breathe in deeply (Yeah)  
Pour your life out, leave the world an empty glass (Oh yeah)  
Let them know that you were here (Oh yeah)  
I say all of this now before my time to go (Time to go)  
Forever's not promised, there's always more to know  
So give me my flowers, say all the things today (Say, yeah, yeah)  
Let me know that I am loved

All I am (All I am), He gave to me  
There's a crown I wear like royalty (Royalty)  
And when it's over now (Over now), I'll wear the crown (Wear the crown)  
The way I started and when it's time to end (All I am)  
All I am, He gave to me (Gave to me)  
'Cause the crown He wore, it set me free (Set me free, yeah)  
And when it's over now (Over now), I'll wear the crown (Wear the crown)  
The way I started and when it's time to end (Oh)

All I am, He gave to me (Gave to me)  
There's a crown I wear like royalty (Like royalty)  
And when it's over now (Over now), I'll wear the crown (I'll wear the crown)  
The way I started and when it's time to end  
All I am, He gave to me (Yeah)  
'Cause the crown He wore, it set me free (It set us free)  
And when it's over now (When it's over), I'll wear the crown  
The way I started and when it's time to end
