

# Today

Ledisi

I'm tired  
Need to do something new

I got a feeling 'bout today  
Its my day, my day  
I got a feeling 'bout today  
Its my day, my day  
I got a feeling 'bout today  
Things will go my way  
I got a feeling 'bout today  
Its my day, my day

Woke up this morning  
Feeling real good  
Happy I'm breathing  
Everybody should be  
Maybe he loves me  
Making my life complete  
Lovin the good things  
The sunshine  
The life I lead  
Can feel it in the music  
Ain't worried 'bout yesterday  
Todays something different  
A new start  
A brand new day  
I got a feeling 'bout today  
Its my day, my day  
I got a feeling 'bout today  
Its my day, my day  
I got a feeling 'bout today  
Things will go, my way  
I got a feeling 'bout today  
Its my day, my day

The world is turnin'  
But you got to love the little thing  
And I'm learning  
Just to keep doing my thing  
Lovin' my brothers  
And my sisters to  
Cause that's what my momma and my daddy  
Told me what to do

I got a feelin 'bout today  
Its my day, my day  
I got a feelin 'bout today  
Its my day, my day  
I got a feelin 'bout today  
Things will go, my way  
I got a feelin 'bout today  
Its my day, my day  
Its my day, my day

Its my day, my day  
Its my day, my day  
Tears have come  
Now there's joy  
Leading me today  
I'm loving my life  
I'm loving myself  
Feeling good today

I got a feelin 'bout today  
Its my day, my day  
I got a feelin 'bout today  
Its my day, my day  
I got a feeling 'bout today  
Things will go my way  
I got a feeling 'bout today  
Its my day, my day  
Its my day, my day .....
