

Can't wait for the weekend, ooh
Can't wait for the weekend, ooh

I be hustlin' for that pay
Every day from dusk til dawn
It's all work and no play
I'm knockin' out headlights to get to you tonight
When we get under the covers, it's ooh (feelings)
So I put my phone on do not disturb
The only thing that I'm checkin' is you
'Cause you're right where I wanna be

Can't wait for the weekend, ooh
Friday, Saturday, Sunday, ooh wee
Morning, evening, afternoon
I be waiting all week just for the weekend
Can't wait for the weekend, ooh
Friday, Saturday, Sunday, ooh wee
Morning, evening, afternoon
I be waiting all week just for the weekend

You sneak into my mind
When I be workin' overtime
Catchin' myself day dreaming
About a getaway for you
Somewhere where the clouds won't move
I get excited when I get that call from you
'Cause boy you stay surprising me
You make me wanna celebrate ya every single day

Can't wait for the weekend, ooh
Friday, Saturday, Sunday, ooh wee
Morning, evening, afternoon
I be waiting all week just for the weekend
Can't wait for the weekend, ooh
Friday, Saturday, Sunday, ooh wee
Morning, evening, afternoon
I be waiting all week just for the weekend

Ain't worried bout my problems
You get everything off my mind (off my mind)
'Cause you know how to solve 'em
When you keep me right by your side (by your side)
All my stress just seems to melt away
'Cause you always make it worth the wait (always make it worth the wait)
Workin' my way to the weekend
I can't wait

Can't wait for the weekend, ooh
Friday, Saturday, Sunday, ooh wee
Morning, evening, afternoon (I be waitin' on you baby)
I be waitin' all week just for the weekend
Can't wait for the weekend, ooh
Friday, Saturday, Sunday, ooh wee
Morning, evening, afternoon
I be waitin' all week just for the weekend

I can't wait for the weekend, ooh
Waitin' on a waitin' on a weekend for you
Morning, evening, afternoon
Waiting on a weekend
I can't wait for the weekend, ooh
I'm waitin' on a weekend
Morning, evening, afternoon
