Over the moon, it's making me dizzy  
It's swaying, like losing its gravity  
I won't stop after the curtain rises, step  
My heart that kick-started is filled with light  
More breathless

(Ooh, woah, yeah)  
Hush rush on the stage  
(Ooh, woah, yeah)  
I'm going crazier, I do-do-done  
(Done, done, done, done, done, done, done, done, done, done)  
I'm going crazier, I don't care  
(Done, done, done, done, done, done, done, done, done, done)  
Hush rush on the stage

In the bright moonlight (I love it, I love it, I love it, I love it)  
Hush rush on the stage  
Our eyes met (I love it, I love it, I love it, I love it)  
Hush rush on the stage  
The nervousness doesn't stop  
Make me dance, I'm fallin' in (Hush rush on the stage)  
I love it, I love it, I love it, I love it

Rhythm is sweet, it is ticklish  
Take all my senses away, it's like jump in love  
Without any resistance, lose, leave your body in charge  
Immerse yourself, feel me more, feel the goosebumps  
Split the light, holler, yeah

(Ooh, woah, yeah)  
Hush rush on the stage  
(Ooh, woah, yeah)  
I'm going crazier, I do-do-done  
(Done, done, done, done, done, done, done, done, done, done)  
I'm going crazier, I don't care  
(Done, done, done, done, done, done, done, done, done, done)  
Hush rush on the stage

Standing in the light that spreads (I love it, I love it, I love it, I love it)  
Hush rush on the stage  
My blooming heart (I love it, I love it, I love it, I love it)  
Hush rush on the stage

The faster my heart flutters  
So that it never stops callin' me (Rush on the stage)  
Fall into it, it's farther away (I love it, I love it, I love it)  
Hush rush on the stage

And now, the breakdown

Far in temptations (I know it, I know it, I know it, I know it)  
Somewhere in dreams (I love it, I love it, I love it, I love it)  
Like whispering (Holic me, holic me, holic me, holic me)  
Sweet, let's dance (I love it, I love it)

In the bright moonlight (I love it, I love it, I love it, I love it)  
Hush rush on the stage  
Our eyes met (I love it, I love it, I love it, I love it)  
Hush rush on the stage  
The nervousness doesn't stop  
Make me dance, I'm fallin' in (Hush rush on the stage)  
Going crazier (I love it, I love it, I love it, I love it)  
Standing in the light that spreads (I love it, I love it, I love it, I love it)  
Hush rush on the stage  
My blooming heart (I love it, I love it, I love it, I love it)  
Hush rush on the stage  
The faster my heart flutters  
So that it never stops callin' me (Rush on the stage)  
Fall into it, it's farther away (I love it, I love it, I love it, I love it)
