

Again

Lee DeWyze

One more day feels home again
For so long now I was my only friend
But I know it won't be long till I pack my things and I'll be g
one
So for awhile, just awhile, let me feel at home again

Feel the earth beneath my feet again
One more night I see my love again
But I know it won't be long till I pack my things and I'll be g
one
So for awhile, just awhile, let me feel at home again

Hey, hey
Hey, hey

But I know it won't be long till I pack my things and I'll be g
one
So for awhile, just awhile
For awhile, just awhile
So for awhile, just awhile, let me feel at home again
