

## Carry Us Through

Lee DeWyze

Thru the darkness, see the light  
Empty spaces wanan fill your mind  
Oh they fill your mind  
I'll be with you from the start  
I will be your eyes, you'll be my heart  
Oh, You'll be my heart

I'll carry you, I'll carry you  
Oh I'll carry us through

I will hear your battle cry  
Broken bones and weary eyes  
Oh, your weary eyes  
Falling fire from the sky  
We will find a place to hide  
We'll find a place to hide

I'll carry you, I'll carry you  
Oh I'll carry us through

I'll carry you, I'll carry you  
Oh I'll carry us through
