

Empty House

Lee DeWyze

Change of course don't know where I'm headed now
Just an empty noise ringing thru this empty house

If it means that much to you - I won't say a word
Cause I can't do this anymore - here's the bad news
Have you heard?

I miss you - in the worst way
I miss you - In the worst way

Fucked it all
I guess what's done is done
Sometimes giving up - is best for everyone

I miss you - in the worst way
I miss you - in the worst way
I miss you - In the worst way
