

Parade

Lee DeWyze

I know we're probably making more of this
That's usually what the story's moral is uh huh
So take some time away I've heard it helps
Imaginary versions of ourselves uh huh

Say it, over and over
But maybe if I say it slower
And tell myself everything is okay
Just for today
Hip hip hooray
For this pseudo parade

The memories that I don't wanna keep
Are the ones that keep my company uh huh
So let's just take another second wait
I'm afraid of the change

Say it, over and over
But maybe if I say it slower
And tell myself everything is okay
Just for today
Hip hip hooray
For this pseudo parade

Hip hip hooray
For this pseudo parade
Just for today
