

Stay Away

Lee DeWyze

We try to fight, we try to beg
we chase demons in our head... over again
We've stolen love we've stolen time
and time again it's hard to find
where this should end

My lips your skin, I'll breath you in, I'll let you in

But I... I'm afraid, so afraid
That I... Need you to stay, baby stay
Stay away, stay away

How dare you look me in the eyes
and tell me everything's alright, its not alright
You fill this ocean full of lies
and I been swimming all my life, for all my life.

But I... I'm afraid, so afraid
That I... Need you to stay, baby stay
Stay away, stay away
