

# Eye to Eye

Lee Fields

It's closing time  
And all I'm looking forward is  
Coming home to my baby again  
But since we had that fight  
I can't eat, I can't sleep  
And today is but a dream

Please don't walk away  
When it's me and you and little junior too  
Girl, listen to me

Why can't we see eye to eye  
You're driving me crazy  
Why can't we see eye to eye  
I need, I need you, baby  
Why can't we see eye to eye  
I'm still the man you made me, yeah

Mighty is the wind  
That sends a man to love a woman  
Nothing can stand in the way

Please, don't walk away  
While I'm talking to you  
I know we'll thank me one day  
You know I love you

Why can't we see eye to eye  
You're driving me crazy  
Why can't we see eye to eye  
I need, I need you, baby  
Why can't we see eye to eye  
I'm still the man you made me

Why can't we see eye to eye  
You're driving me crazy  
Why can't we see eye to eye  
I need, I need you, baby  
Why can't we see eye to eye  
I'm still the man you made me
