

# In the Woods

Lee Fields

Now I'm going down  
Going down a hard road  
I just don't know  
Don't know where I've been  
But I think I've been walking  
Walking around in circles  
Can't even find a friend

Oh my love  
My love, she's not waiting  
Think I might of been gone  
I've been gone too long  
Look at the people  
The people make me crazy  
I can hardly sing my song

Hustler stand around me (stand around me)  
I'm so lost and all alone (alone, alone, alone)  
Can't tell the bad from the good  
I'm out here in the woods  
I'm lost in the woods

Big city gambler  
Gambler, shake my money  
Yes, you used to be useless  
So useless to me  
And I think I'm lost  
I'm so lost inside this jungle  
Can't see the forest or the tree

My pretty little woman  
Won't you come and get me  
Try me, try me  
Try me one more time  
Yes, and you're sweet  
Your sweet understanding  
Can't fix this broken heart of mine

Vultures fly around me (fly around me)  
Please come and take me home (take me home, home)  
Can't tell the bad from the good  
I'm out here in the woods  
I'm out here in the woods

So lost  
Somebody help me find my way  
Somebody help me  
I'm out here in the woods  
Lost  
Lost in the woods  
I need to find that pretty little woman of mine  
Cause I'm lost ya'll  
I'm lost in the woods
