

Let's Talk It Over

Lee Fields

I can't stand
No, I just can't stand
I can't stand the sight of your leaving me

I know I did you wrong baby
Girl, my heart is full of sorrow
But I believe if you stay, things will be better tommorow

I can't stand
No, I just can't stand
I can't stand the sight of your leaving me

So, put that suitcase down baby
And let's you and me just sit around
Talk it over, yeah

You're just like the air baby
You're like the air I breath
You're everything, everything to me

Girl, I can't stand
No, I just can't stand
I can't stand the sight of your leaving me

So, put that suitcase down momma
And let's me and you sit around
And talk it over, yeah yeahhh

Let's just talk this thing over, baby
Can't you see, can't you see
The tears in my eyes

Baby please, don't leave me
Don't leave me
You're the mean, mean of, meaning of my life
Without you baby
I was your let down
