

# Love Prisoner

Lee Fields

I'm about to surrender  
Can't you see my flag?  
I'm going down  
I know this can't last  
My love ammunition is gone  
All of my tools have abandoned me  
Now I'm a general relying on me  
So please have mercy on me

'Cause I'm your love prisoner  
Please set me free

Can I get a pardon?  
Please have mercy on me  
Let me fly away  
From here, my dear  
They say all is fair in love and war  
In our lives, it goes on  
Now that you've conquered me  
Please handle me gently

I'm your love prisoner  
Please set me free  
Set me free

Won't you forgive me and let me go?  
I promise, baby  
It will never, never, never happen no more

I'm your love prisoner  
I'm your love prisoner  
I'm your love prisoner  
Please set me free  
Please set me free  
I'm your love prisoner  
Set me free  
I'm your love prisoner  
Set me free  
I'm your love prisoner  
Set me free  
I'm your love prisoner  
Set me free  
I'm your love prisoner  
Set me free
