

# Precious Love

Lee Fields

I was so downhearted  
Then you came into my life  
Loneliness departed  
It was love at first sight  
Sometimes I wonder  
Will I go under  
Without you in my life

No matter what I got to do  
I'm gonna hold on to you  
Nothing gonna pull us down  
Our love was built on solid ground  
Let me say it again  
On my word you can depend

I'm gonna hold on  
To this precious love  
Oh yes I am  
I'm gonna hold on  
To this precious love

When you touch me baby  
Honey, I'm so inspired  
I tell you  
Everything is possible  
When I look in those pretty brown eyes

No matter what I got to do  
I'm gonna hold on to you  
Nothing gonna pull us down  
Our love was built on solid ground  
Let me say it again  
On my word you can depend

I'm gonna hold on  
To this precious love  
Oh yes I am  
I'm gonna hold on  
To this precious love

I'll be there  
Girl I'll be there  
I'll be there  
By yo' side

I'm gonna hold on  
To this precious love  
Oh yes I will  
I'm gonna hold on  
To this precious love  
Can't let go  
I'm gonna hold on  
To this precious love  
Oh yes I am  
I'm gonna hold on  
To this precious love  
Somebody tell me

And I don't mind  
Don't mind  
Doing what I got to do  
'Cause I'm gonna hold on  
Hold on to you  
I'm gonna hold on  
To this precious love
