

Sentimental Fool

Lee Fields

(Sentimental fool) I am
(Sentimental fool) Oh, I am
I couldn't see, it was only me
(Who believed in a lie) That could never be

(Nothing but a dream) I had
(Nothing but a dream) I had
In the night you came, whispering my name
(But when I opened up my eyes) It was just a game

(Nothing but a tie) You said
(It was nothing but a tie) That's what you said
I thought I was cool, but I couldn't see
A sentimental fool is all I'll ever be

(Sentimental fool) I am
(Sentimental fool) Oh, I am
I just couldn't see, it was only me
(Who believed in a lie) That could never be

(Sentimental fool) I guess I am
(Sentimental fool) I just can't help it, girl you know you got
me
(Sentimental fool) Girl you know you got me
Strapped around your finger (Sentimental fool)

Ooh, ooh, baby
And I, I belong to you (Sentimental fool)
I'm all yours (Sentimental fool)
