

# Still Hanging On

Lee Fields

Hello sunshine it's been a long long time  
To see your face I feel so humble you love me, you love me again  
n  
And all those memories do they mean to you what they mean to me  
I feel so hopeful you love me, you love me again

I am not over you yet  
Girl you are in my head I can't forget

I am still hanging on  
I am still hanging on  
I am still hanging on

When we set down the look in your eyes  
Was the same as mine I know I got to change it  
I surely would heard about your new friend

Tell me is it true is this really  
'Cause I came back for me and you

I am not over you yet  
Girl you are in my head I can't forget

I am still hanging on  
I am still hanging on  
I am still hanging on

I am not over you yet  
Girl you are in my head I can't forget

I am still hanging on  
I am still hanging on  
I am still hanging on  
I am still hanging on  
I am still hanging on  
I am still hanging on
