Thinking About You

Lee Fields

```
Every time I see the sunshine
Every time I drink too much
And even when I don't drink enough
I think of you
I know we're goin' through a setback
But I won't let it get us off track
I'll keep you strong, keep you strong
I'll keep you strong

I've been thinkin' 'bout you every day
I've been thinkin' 'bout you every day
I've been thinkin' 'bout you every day

When I'm out there makin' money
You're on my mind, honey
All I'm thinkin' 'bout is
Gettin' home to you
When you're goin' through some hard times
I'll still be there when I'm not around
Keep you strong, keep you strong
I'll keep you strong

I've been thinkin' 'bout you every day
I've been thinkin' 'bout you every day
I've been thinkin' 'bout you every day

Thinkin' about you, baby

(Thinkin' about you) when I wake up [?]
(Thinkin' about you) when I close my eyes at night
(Thinkin' about you) you're in my dreams, girl
(Thinkin' about you) I go crazy if I [?]

Said I can't live without your love
Girl, I can't live without your touch
Your kisses mean so much to me
Can't you see, girl, can't you see?

I'm thinkin' about you, girl
Got me thinkin' about you, girl
Oh, I'm thinkin' about you, girl
Yes, can't get you off my mind
