

Where Is The Love

Lee Fields

I got to know, I got to know girl
Did somebody put a spell on us?
Then tell me where, where did our love go?
We used to love each other, care about one another
Where did we go wrong?
Care about communities, care about human needs
Father, what's going on?

Where, where did the love go?
I got to know, I got to know, I got to know now
Where, where did the love go?
Where did the love go?

We used to love each other, care about one another
Where did we go wrong?

So much vanities and aspiring selfish need
And father, look at the greed
It's a "Imma get this, Imma get that"
But I'm getting nowhere fast
Got the world in our hands
But we don't understand, your world is all we need
And it's breaking my heart to see it all fall apart
Father, help us please

Where, where did the love go?
I got to know, I got to know, I got to know now
Where, where did the love go?
Where did the love go?

We used to love each other, care about one another
Where did we go wrong?

Oh! Somebody tell me
Where did our love go?
I woke up this mornin' and it was gone
Found myself all alone
Oh, found myself
Somebody tell me
Where did the love go?
