

You're My Weakness

Lee Fields

Since you been gone
My life has been so miserable
Why? Because I love you
Yeah baby, I still love you
Listen

Our love affair is all over
(It's all over) Yes it is
And living without you in my life
Is so painful, yes sir (It is so bad)
Girl, I'm hopin' that you would change your mind
'Cause on the outside, I'm smilin' baby
But inside, I'm cryin' (You got me cryin')

'Cause I can't stop myself
Lord, uh-uh
From loving you (I can't stop myself)
From loving you, from loving you
(I'm so in love with you) Listen, girl

In my soul are friends
They tell me that I'm nothin' but a fool (I'm just a fool)
They say you'll never love me
You just got what you could use
And the day you left, you know they laughed
And said "I told you so" (I told you so)
They say I'm better all by myself
But I, I just don't know

'Cause I can't stop myself
From loving you (I can't stop myself)
From loving you, from loving you
(I'm so in love with you) For you're my, my weakness
(You're my weakness) Your mine, my-my-my
My weakness
You're my weakness, you're my-my-my
My weakness
Let them talk, let them talk (You are my weakness)
It won't stop me from loving you
Let them, let, let them, let (You are my weakness)
It won't stop me from loving you
'Cause you, you're my weakness
You're my weakness, you're my weakness
(You are my weakness)

Hey, and I just love-love-love
I just love-love-love, I just love-love-love
I love you (You are my weakness)
