

Look What We Made (When We Made Love)

Lee Greenwood

You always said you never needed
anyone else but me
And now someone's come along
to change your mind
About all that love can be

And I don't even mind
the way he takes up all your time
I even think it's kind of sweet
that he reminds you of me
And it brings a tear to my eye
and a smile to my face
'Cause I've never felt so much love
as when you hold him and say

Oh, baby, look what we made
when we made love
All by ourselves
with some help from above
In the middle of the night
We really did something right
Oh, look what we made
When we made love

From the first time we met
I knew I'd always
give my love to you, oh, baby
And the love that you gave me in return
made all my dreams come true
And this new dream that we share
has your eyes and my hair
So healthy and strong
with a mind of his own
And I thank the Lord every day
for our brand new family
And to think it all started
with just you and me

Oh, baby, look what we made
when we made love
All by ourselves
with some help from above
In the middle of the night
We really did something right
Oh, look what we made
When we made love

Oh, look what we made
When we made love
