What chu know bout me? huh?

I'm just young and free
But I be like fuck you just pay me
I'm chasin' my dreams
While you lame dudes being lazy
Before you hate me, see mirrors first
I kept my place from winter to autumn
From Seoul, Hi LV I be stunnin'
I don't be obsessed with any causes
I don't mind anything.
I'm just doin' my work
All of gossips about me
Are like dirt on my shoulders let's get it

World has turned it's back on us like this
Everything's gonna be okay
Cuz nothing can fuck with us
People are talking loud about us
Don't need to be afraid
Cuz nothing can fuck with us

They say I'm crazy
It's OK everybody is
Why not me? ay ay

They say look carefully.
You can't do it. Never
I want to be myself

Never, I don't wanna be the same lame
I can't be you
You can't be me.
So just do the damn thing - yesterday's yesterday.
Today's today. Tomorrow's tomorrow
Sun will rise. Don't worry. It's too soon
Who decides my value?
It's me, myself.
Shut up people who aren't me
I know

When my vision is dim, it's because of fog
Either it's raining or shining
I'm always on my hustle one hunnit

World has turned it's back on us like this
Everything's gonna be okay
Cuz nothing can fuck with us
People are talking loud about us
Don't need to be afraid
