Like fate, like destiny
We get along together so naturally
You already have a piece of my heart
Which I have never given to you

Is there such a thing as love without despair
Where will you be taking me?
Will you be able to stay by my side
As long as I wish you to?

My savior
Did the one above send you to me?
I had a sad dream with you in my arms
I could tell from the moment I met you
That you are the savior that has come to ruin me

Like a well made film
You make me feel special
You got me give meanings to small things even like breathing
I project myself on every beautiful thing
You make me want to live

Is there such a thing as love without despair
Where will you be taking me?
Will you be able to stay by my side
As long as I wish you to?

My savior
Did the one above send you to me?
I had a sad dream with you in my arms
I could tell from the moment I met you
That you are the savior that has come to ruin me

Saying words that won't dissolve on my tounge
Wrap them neatly and give them to each other's worlds
Love changes and you already know it
It's much easier to believe in eternity
What face would we be making in the world that has swept us
Past is dim and future is foggy
Let us just get to our palace when the moon comes up

My savior
Did the one above send you to me?
I had a sad dream with you in my arms
I could tell from the moment I met you
That you are the savior that has come to ruin me
