

Bang Bang (Shooting From the Heart)

Lee Kernaghan

The last tail light disappears
The crowd has gone and you're still here
Alone beside the gate
The moonlight brushed your face
An' something stirred inside of me
I see a moment in your eyes
Do I let the chance go by

I open up my mouth
"I love you" tumbles out
I can't help myself
Oh bang, bang, bang
I'm shooting from the heart

The first light cuts across the room
When I wake I'm holding you
Our clothes are tossed aside
Our hearts laid open wide
Have we gone too far too soon
But the morning rushes in
And all I want is to have you again

I open up my mouth
"I love you" tumbles out
I can't help myself
Oh bang, bang, bang
I'm shooting from the heart
I'm so in love with you, in love with you, can't help myself
I'm so in love with you, in love with you

I open up my mouth
"I love you" tumbles out
I can't help myself
Oh bang, bang, bang
I'm shooting from the heart
