

Drive On

Lee Kernaghan

Crossed a lot of country since we first started out
Lived a lot of miles from the '90s until now
And out beyond the Kundra we've driven off the map
We'll push on to the border, there'll be no turning back

Drive on
Keep the whole thing rollin'
Drive on
There'll be no time for slowin'
Cruiser keeps on singin' like a good ol' country song
Drive on

Saw the spirit of the bush with a Mallee parched by drought
Camped with George and Rusty on a claypan farther out
That time I did Canungra when the creek was overflowin'
Well, could've been a goner but the cruiser kept on goin'

Drive on
Keep the whole thing rollin'
Drive on
There'll be no time for slowin'
That diesel keeps on singin' like a good ol' country song
Drive on

Drive on
Keep the whole thing rollin'
Drive on
There'll be no time for slowin'
Just drive on
Keep the whole thing rollin'
Drive on
There'll be no time for slowin'

From the Snowy to the Centre where the red dirt stretches on
That Cruiser keeps on singin' like a good ol' country song

Just drive on
Yeah, drive on
Keep the whole thing rollin'
Drive on
