

## Round Here

Lee Kernaghan

Round here it's a red dirt life  
If the rain don't come, then it gets bone dry  
Yeah, we work real hard, and sweat on the ground  
It's a heat haze shimmer where these roots go down  
And on and on and on it goes  
It's a way of life everybody knows

That's how we do it, that's how it's done  
Makin' a livin' down under the sun  
Sometimes we rock, sometimes we roll  
On thirty-fives down an old dirt road  
Stand tough and kick it up  
That's how we do it, that's how we do it  
Round here

Round here say what you mean  
And it's a handshake deal  
And rain's a good thing  
If something breaks, you fix it up  
You lend a hand, leave a mark

That's how we do it, that's how it's done  
Makin' a livin' down under the sun  
Sometimes we rock, sometimes we roll  
On thirty-fives down an old dirt road  
Stand tough and kick it up  
That's how we do it, that's how we do it  
Round here

That's how we do it round here  
We've been there, we done it, we own it, we run it, we live it, we love it  
(That's right)

That's how we do it, that's how it's done  
Makin' a livin' down under the sun  
Sometimes we rock, sometimes we roll  
On thirty-fives down an old dirt road  
That's how we do it, that's how it's done  
Makin' a livin' down under the sun  
Sometimes we rock, sometimes we roll  
On thirty-fives down an old dirt road  
Stand tough and kick it up  
That's how we do it, that's how we do it  
Round here

That's how we do it round here
