

# We Heard a Bugle Play

Lee Kernaghan

From Chongju down onto Broken Bridge  
North Korea 3RAR  
On the banks of the river Taeryong  
We fought the battle of Pakchon

Mustangs roared into the enemy  
And with the Scots we took the ridge  
We fought on all through the bitter night  
And many diggers died

And floating down 'cross the paddy fields  
We heard a bugle play

A Last Post echoing around the hills  
And slowly drift away  
We heard a bugle play

Our company was taking heavy fire  
Owe bugler among the lost  
About midnight back on the lower ground  
A sad familiar sound

And floating down 'cross the paddy fields  
We heard a bugle play  
A Last Post echoing around the hills  
And slowly drift away  
We heard a bugle play

And floating down 'cross the paddy fields  
We heard a bugle play  
A Last Post echoing around the hills  
And slowly drift away  
We heard a bugle play

And floating down 'cross the paddy fields  
We heard a bugle play  
A Last Post echoing around the hills  
And slowly drift away  
We heard a bugle play
