

## Screamin Hunger

Lee Rocker

I hear a heartbeat, it sounds like thunder  
See the lightning in your eyes  
You're touching me with such a feeling  
It's just the way all it ought be  
My heart's on fire with screamin' hunger  
Lost inside your sweet desire

Tell me what more can in heaven be  
Than being inside your arms  
Feeling the touch of your warm embrace  
Love's so sweet, I can't hide away

I see your eyes, is it any wonder  
Then again, I realize  
My heart's on fire with screamin' hunger  
Lost inside your sweet desire

The flame will grow to a fire  
Burnin' to a morning light  
My heart's on fire with screamin' hunger  
Lost inside your sweet desire

Tell me what more can in heaven be  
Than being inside your arms  
Feeling the touch of your warm embrace  
Love's so sweet, I can't hide away

Tell me what more can in heaven be  
Then being inside your arms  
Feeling the touch of your warm embrace  
Love's so sweet, I can't hide away

I hear a heartbeat, it sounds like thunder  
See the lightning in your eyes  
My heart's on fire with screamin' hunger  
Lost inside your sweet desire

The flame will grow to a fire  
Burnin' to a morning light  
My heart's on fire with screamin' hunger  
Lost inside your sweet desire  
Lost inside your sweet desire  
Lost inside your sweet desire  
Lost inside your sweet desire
