

Shaky Town

Lee Rocker

Livin' in a shaky town lost so far from home
You walkin' round on a fractured ground
Waitin' all alone
Did you think it would come to this
Did someone twist you wrong
You climbed a mountain that you can't climb down
Waitin' at the stone

Don't you run for cover
You know I'll track you down
Don't you think it's over
The world is quaking down
In a shaky town, in a shaky town

Your hair is dirty and your clothes are worn
Lost and all alone
Use it up while you live in town
You think you're made of stone
You drown it all with alcohol
Cigarettes and late night calls
You take a bet you're gonna lose it all
Heading for a fall

Don't you run for cover
You know I'll track you down
Don't you think it's over
This wild earth quaking ground
It's a shaky town, shaky town, shaky town

Don't you run for cover
You know I track you down
Don't you think it's over
From this wilder quaking ground
In a shaky town, in a shaky town
